COHÉRENCE
Complementary Career
Development Program

DEADLINE : March 6, 2022

For emerging performance artists

12 places available

Objectives & Terms

We are concerned with and focused upon the vitality of the careers of performing artists, along with their sense of self-actualization.

Thanks to the generous financial assistance granted by the Conseil des arts et lettres du Québec as well as a sponsorship from the Caisse de la Culture, and after having tested the model with two cohorts of artists in 2021, Confluence - CV is now opening a third cohort of the programme Cohérence. This program is geared towards emerging artists from various performing arts disciplines and aims to facilitate the development of a complementary career (outside of the performing arts), that could lead to a lasting and satisfying parallel professional pathway. The objective of Confluence - CV, with the implementation of the programme Cohérence, is above all to retain the activity of artistic talents in their respective fields.

Objectives

- Retain active professional artists in their fields.
- Improve satisfaction and a sense of accomplishment in the workplace.
- Mitigate the psychological effects arising from feelings of insecurity.
- Foster a sense of trust, belonging and solidarity through group meetings and activities.

Goals

- Have determined an individualized plan for the development of a complementary career.
- Have started or completed training.

Duration

The programme Cohérence will start in March 2022 and will last over a period of 6 to 8 months.

Contribution from the participants

The artists who will be selected will have to pay a symbolic contribution of \$40 which will allow them to have access to individual and group meetings, thematic workshops and ongoing support from the Confluence-CV team.

Eligibility

A small selection committee, guided by Confluence - CV management and operating under strict confidentiality, will select 12 performance artists who will participate in the project

To submit your application, you must:

- Be a Canadian citizen or permanent resident and have your legal domicile in Quebec
- Be a professional performance artist working in Quebec in the fields of music, song, opera, dance, theatre, or circus.
- Have between 1 and 7 years of professional experience as a performance artist and be considered as emerging in your field. The programme Cohérence is geared towards young artists, and the available places will be given in priority to people of approximately 30 years of age and younger*.
- Have the time and interest to embark on a serious action plan starting in March 2022 and to begin a training program within the short term (6 months).

* Confluence - CV recognizes that the definition of emergence is not unanimous and is committed to taking into account the individual experience of each candidate during the selection process.

If you have any questions regarding your eligibility, please contact Sarah-Ann Larouche from Artist Services by email at: sarah@confluence-cv.ca.

To participate

Participating in Cohérence means giving yourself the opportunity to reflect amongst peers while being guided by experts. It means giving yourself the chance to properly realign your career path by being clear about your values and ideals and giving yourself the necessary resources to achieve this. Participating in Cohérence means raising the overall skill level of the arts sector and participating in the promotion of knowledge.

For more information, please contact Sarah-Ann Larouche responsible for services for artists, by email at: sarah@confluence-cv.ca
